Baseball Umpire Recommendation

A process is in place for NAIA conference supervisors to nominate baseball umpires for the NAIA World Series. Officials will no longer make individual applications.

The link above will be used by Conference Assignors/Supervisors to submit up to two (2) names per conference to the Assignor of Championship Officials (ACO).

The ACO will use information from the application to and apply it to the Criteria that is listed under that heading.

Officials will be selected and should be notified around February 15th.

Those selected will be offered a one year contract.

Officials may be invited back for successive years (max 3) or they may have a year or more off before being selected.
